

MULCH FUNDRaiser

Around the world, 61 million children are hungry and do not attend school. They work or beg in order to survive. Mary's Meals philosophy: By providing meals in schools, hungry children are encouraged to attend school and receive an education that may one day be their ladder out of poverty. For many of these children, this is also the only nutritious meal they will receive that day.

At St. John's Summer Program, our staff of high school and college students love our young children who are so blessed to not experience real hunger. Knowing that there are children, the same age as our campers, who go to bed hungry at night, has ignited a desire to help. Our goal is to feed the 1,162 children at Chaone Primary School in Malawi for an entire year through Mary's Meals. Through this fundraiser and others, we have raised \$50,000 over the last two years, enough money to feed Chaone Primary School for two entire years! Thank you for your support! Please join us in doing it again! May God bless your generosity!

Buy 15 bags of mulch and feed a child for a year!

Sat., April 4th, 2020
pick-up/delivery date

100% of proceeds go
to Mary's Meals
